In the case a Tropical Storm warning or Hurricane watch or warning is issued in our area, these are my procedures:

- If you are away during hurricane season, please have a written plan made for your pets and your home.
- An attempt will be made to contact you.
- Your immediate return home will be the best possible situation for the health and safety of your pet.
- If coming home is absolutely impossible, I will implement your plan for home and pets.
- I will be unavailable due to caring for my pets and home.

Name & phone # of person securing and/or shuttering your home:

Pets such as cats, birds, horses, etc that can be safely left alone will be feed and watered as close to the impending storm as is safe for me.

I will return as soon as authorities deem road travel safe again.

**Your pets' safety is my only concern!!!**
